

# Pharmacy Tech Training Program

## Come grow with us

MultiCare is proud to offer a Pharmacy Tech Training program. This is a paid, benefits eligible program with a two-year commitment to work for MultiCare after completion. This program is available in the Puget Sound Region (Puyallup, Tacoma, Olympia, Auburn, Covington and Gig Harbor) and Inland Northwest Region (Spokane and Spokane Valley).

### Compensation & Benefits

- This is a paid trainee program.
- After program completion, the rate of pay will be increased.
- Participants hired into the training program are benefits eligible. Benefits are effective the first of the month following 30 days of employment.

### Program Timeline & Details

- The program is 4-6 months long.
- Hours and shifts vary and include hands on training and online learning.
- Employee will be given 60 days from completion of course training to pass the certification test.
- There will be a two-year work agreement with MultiCare due to the tuition investment of the program.

### Program Requirements

- 18 years of age or older.
- High school diploma or GED.
- Washington State Board of Pharmacy “Pharmacy Assistant” license with technician-in-training endorsement (to be acquired prior to start date).
- Previous patient care experience is preferred.

### Employment at MultiCare

- If offered a position into the training program, you will be employed as a full time Pharmacy Tech Trainee. Upon obtaining licensure, the participant is eligible to transfer to a Certified Pharmacy Technician position.
